The true wonders of Arcana are explored in the monthly journals. Each issue focuses on a hex or faction within the game world, offering rumors, hidden lore, and detailed descriptions of all the important sites and people. Full-color maps (also offered in print-easy black and white) are provided, plus all sites of worthwhile note, such as towns and major adventure sites. Floor plans of castles and other locations are also offered.

In addition to this detailed write-up, each issue will also focus on other aspects of the game world, its history, important people, the Magi and gaming classes. When you add it all up, these journals take the mundane and make it magical. It is through the journals that the Arcana game world will grow, expand, and become a living place of adventure.

Each tile is set to a square equaling 5 feet, so you can use your collection of miniatures or paper models right away.

Warning

This is a layered PDF product and you will need a PDF reader that allows the use of layers to fully incorporate this product. Avalon recommends that you have Acrobat 6.5 or higher, but any PDF reader that allows the use of layers will do just fine. These are large files because we have given you the best resolution and tons of options on each tile, so expect a longer download than you would normally have with an Avalon product.

Battle Axe Preview

This summer, Avalon Games will release a new version of our premier tabletop skirmish system Battle Axe!

If you have already purchased Battle Axe, then this new edition will offer you all new card art, better layouts, and, most importantly, all the cards are now available in POD.

If you have yet to jump into Battle Axe, then take the leap with this set of free rules.

Battle Axe is a dice-less tabletop skirmish system that uses cards to determine both the character's actions and the outcome of those actions. Skill and the deployment of your War Band is all-important in this game, not luck or the roll of the dreaded dice.

The core game comes with the full-color rules and a print-friendly version of those rules. It also comes with the Fate Deck, both the Elven and Goblin Faction card decks and the following
